

CLIMBING NEAR THE RIFUGIO BRANCA

The area near the Rifugio Branca offers many protected routes for sport climbing. The routes have been cleaned and perfectly bolted to guarantee safety to climbers. Beautiful routes of different difficulty levels, surrounded by a magnificent Alpine environment with a unique history and of rare beauty. These places are very appropriate for beginners and for all those looking for non-technical and easy climbs. They are very suitable for rock climbing classes and for children.

Access to the Rifugio Branca: from the Forni parking area follow the signs and continue on the obvious dirt road that leads to the Rifugio Branca. The first part of the road is almost flat, then it climbs along the lateral moraine along where Forni Glacier used to be. The last part of the road is steeper with hairpin turns that quickly climb to the Rifugio Branca, at an altitude of 2495 meters. (45 minutes - 1 hour).
